1c	Monitor-look at recycling containers at the cafeterias; monitor emptying of containers- who is responsible	D. Judson		
2	Develop a co-mingle items and refundable bottles program at the ES.	TBD	On-going	Working well???
3	Continue to monitor cardboard recycling at the ES.	R. Renzo	On-going	Working well???. Not sure if R Renzo will continue
4	Continue to monitor paper cycling at the MS.	G. Carlin	On-going	Working well.
5	Continue to monitor cardboard recycling at the MS.	B. Bracken	On-going	Working well.
6	Develop a co-mingle items and refundable bottles program at the MS.	G. Carlin	On-going	Working well

**BOE/DISTRICT GOALS
ACTION PLANS
2012-13**

6a	Look at co-mingle recycling collection from all Schools including cafeterias: who, what time of day, how often	D. Judson		
7	Continue to monitor plastic bottle and can recycling at the MS.	G. Carlin	On-going	Working well
8	Work with teachers at the HS to develop a program to recycle co-mingle and refundable bottles.	C. Glenn	continue	Program has begun
9	Work with teachers to start paper recycling at the HS.	C. Glenn	On-going	Working well
10	Continue to monitor cardboard recycling at the HS.	B. Bracken	On-going	Working well
11	Continue to monitor building management systems in all 3 schools to better control the use of equipment, fuel and lighting to save energy.	B. Bracken/ R. Renzo/D. Judson	On-going	Upgrading system in HS & MS - COMPLETED
11a	The service at the MS/HS is monitored by TBS and at the ES by R. Renzo and EMF for service	B. Bracken/ R. Renzo/D. Judson	On-going	Working well
12	Continue to purchase green cleaning products, environmentally friendly paper goods and plastics when appropriate -Sub action: investigating the financial impact of purchasing green environmentally friendly products.	D. Judson/ M. Bondi	On-going	Floor products identified as better and less expensive than "green"

**BOE/DISTRICT GOALS
ACTION PLANS
2012-13**

12a	Green products are more costly and do not work as well. Continue to examine and look at the "newer" products to understand their strengths and weakness. New products, NOT GREEN, seem to have fewer problems	D. Judson	On-going	Better floor products identified
13	Continue to monitor buses to ensure that they are not idling unnecessarily	M. Koenig/ K. Brothers/ D. Judson	On-going - significant improvement	Has improved
14	Continue to look at bus routes with centrally located bus stops to reduce the amount of stops to save fuel -Sub action: continue to monitor bus usage to ensure minimum empty seats while meeting all transportation needs within the current regulations. Look at regulations	D. Judson/M. Koenig	Ongoing	Regulations being reviewed and may be proposed in a new District policy for transportation
14a	Examine the distance walked; examine the after school/late runs;	D Judson/M. Koenig	On-going	Monitoring the after school/late runs and their routes
14b	BUS DRIVERS manual - update manual	D Judson/M. Koenig	3/15/12	Meetings with bus drivers are taking place for their input
15	Improve communications of transportation with parents - with respect to regulations, schedules, etc	D. Judson/J. Denike		Implementing a Transportation "tab" on the website to communicate more effectively

**BOE/DISTRICT GOALS
ACTION PLANS
2012-13**

15	Sustainability education in curriculum	K. Brothers/ D. France/Science Classes	2011-12	Continue to monitor progress, especially at HS and MS
16	Monitor recycling at ALL athletic fields adding signage with respect to recycling.	D. Judson	On-going	
16a	Announce at all FIELD events about recycling and the locations of the recycle bins	M. Nemecek		
16b	Add recycling containers to the field area near fence for the ATHLETES; add signage	D. Judson/MS Go Green Club		
17	Start District battery disposal plan.	G Carlin	ongoing, program started at HS & MS	Working well.
17b	Communicate to other schools about program	J. Denike		
18	Explore solar panel installation: Look to grants, cost, warranties, RENTALS, impact on roof warranties - COST savings estimates	D. Judson	12/1/12	
19	Continue to explore energy savings	D. Judson	On-going	Lighting consultant has done a cost analysis of all 3 schools for gyms & cafeterias

**BOE/DISTRICT GOALS
ACTION PLANS
2012-13**

19a	Look at upgrading LIGHTING in schools- especially in GYMS, motion detectors to control lights	D. Judson	Note - must replace bulbs before they burn out - because of decreased lumens. Explore LED and Florescent lighting	
20	Add down spout to HS roof for use for a RAIN GARDEN in the courtyard - flowers/seeds funded by recycling	D Judson/J Horr/C Glenn	Spring 2013
