Science Mysteries & Fantastic Forces After School Enrichment Program

Che-mystery

Discover the mystery in chemistry! Explore one of the most exciting and fundamental sciences as you watch water turn into juice and liquids turn into solids. Explore physical and chemical reactions with the Dynamic Dish kit.

Current Events

Take a tour on the electron freeway! Investigate conductors, insulators, and other elements in the world of circuit electricity. Get turned on to science and technology and make your own Circuit Maze.

Fun-damental Forces

What do gravity, inertia, and centripetal force have in common? They are all part of the fun in this introduction to physics. Feel the pull of precession with the bike wheel gyroscope, and strike the perfect balance with the Gravity Game.

Science of Magic

Learn the science behind illusions, read minds, and perform a Houdini-style escape! Amaze and amuse friends and family with your very own Magic Cube. It's not magic—it's science!

Fantastic Fliers

Fly through flight and aerodynamics basics! Discover the four forces that affect flight. Make and test various plane designs to see these forces in action! Build the and fly your own planes.

Super Structures

Act like junior architects and engineers. Test out shapes for strength. See if a paper column can withstand the Column Collapser apparatus. Construct a bridge from scratch.

Under Pressure

Join Bernoulli as we take an exciting look at the science behind air pressure. Create a whirlwind with a vortex generator, and make pucks and balls levitate with air pressure! Take home and launch foam air rockets.

Wacky Water

Simulate the effects of an ocean oil spill, and develop creative techniques to clean it up! Create your own Rescue Diver tool while learning about water, waves, and the environment.

Each class topic will be presented once during the 8 week session.

Chung Ma's Taekwondo will again be offering their fun and exciting Taekwondo Club for all Putnam Valley Elementary students.

This year's program will consist of learning the basic blocks, kicks and punches of the martial art for all new students and broadening the knowledge of all rejoining members in a safe fun atmosphere. By learning these techniques we will not only be enhancing the student's physical abilities but also their confidence, self-control, focusing skills, self-defense and the "Yes I can attitude". Board breaking and special games will also be a part of the program to help teach the martial art and stimulate the children's physical and mental abilities.

The instructor for the class will be Master Wayne DeRosa, who is a 6th degree black belt and also a National and International Champion.
