Nineteen Minutes

By Jodi Picoult

**MONDAY, NOV 10th
7:30 PM**

**PUTNAM VALLEY LIBRARY
COMMUNITY ROOM**

An evening for parents* to discuss questions and topics relative to the book

Synopsis:

Sterling is an ordinary New Hampshire town where nothing ever happens – until the day its complacency is shattered by an act of violence. Josie Cormier, the daughter of the judge sitting on the case, should be the state's best witness, but she can't remember what happened before her very own eyes—or can she? As the trial progresses, fault lines between the high school and the adult community begin to show—destroying the closest of friendships and families. *Nineteen Minutes* asks what it means to be different in our society, who has the right to judge someone else, and whether anyone is ever really who they seem to be.

THE UNCLE BROTHERS

Thursday, October 15th

The Uncle Brothers, **Danny Quinn** (left) and **Tommy Gardner** (right) will bring the magic of their children's music to school for a character education based assembly program entitled,

Global Awareness - "Acceptance & Cultural Diversity"

Understanding the differences and similarities in others is a huge building block to helping our children grow up in a world of kindness and acceptance.

This show takes the students on a musical journey to several foreign countries and with humorous bantering even includes many fun facts about far away places. They will hear how life is different for foreign children in school and at home, but will leave with a sense of how "people are people no matter where you go" and that we're all the same in many ways.

We encourage you to discuss this program with your child.
