	## NOTES:						
	New York State sets the retirement contribution rates. Local school districts have no control over retirement contribution rate.						
	State Retirement contributions are made by the district for member employees at various contribution levels for salaries earned between April 1, 2015 and March 31, 2016. The rate is projected to be 15.5% of payroll on average.						
	Teacher Retirement contributions estimated at 12.00% of payroll are made by the district for member employees based on salaries earned between July 1, 2016 and June 30, 2017.						
	The employer FICA rate for 2016 remains at 6.2%						
	The employer Medicare portion 1.45%						
	The Putnam Valley School District is self insured through the Westchester Putnam School Cooperative Workers Compensation Plan. This is the premium determined by an independent actuarial firm based on salaries and loss experience.						
	Eligible employees are provided with term life insurance at \$7,500; Administrators are insured at varied amounts.						
	Eligible employees and retirees receive individual or family hospital and medical insurance. Premiums will increase 2.5% next year.						
	Health Budget decreased because revenue collected from Employees is Credited against the Expenditure-Health insurance coverage for retirees continue to rise as the number of retirees increase.						
	Retirees also receive medicare premium reimbursements.						
	Welfare benefit contributions of \$1,650 are made on behalf of each eligible FT employee.

Under the Budget Proposed
for the 2016-17 School Year

Estimated Basic STAR Exemption Savings¹

\$1,513

The annual budget vote for the fiscal year 2016-2017 by the qualified voters of the Putnam Valley school district, Putnam County, New York, will be held at the Putnam Valley Elementary school in said district on Tuesday, May 17, 2016 between the hours of 6:00am and 9:00pm, prevailing time in the Putnam Valley Elementary school, at which time the polls will be opened to vote by voting ballot or machine.

¹ The basic school tax relief (STAR) exemption is authorized by section 425 of the Real Property Tax Law.

FISCAL ACCOUNTABILITY SUMMARY (2013 - 14)

Commissioner's Regulations require that certain expenditure ratios for general-education and special-education students be reported and compared with ratios for similar districts and all public schools. The required ratios for this district are reported below.

The numbers used to compute the statistics on this page were collected on the State Aid Form A, the State Aid Form F, the School District Annual Financial Report (ST-3), and from the Student Information Repository System (SIRS).

Instructional Expenditures for General Education are K-12 expenditures for classroom instruction (excluding Special Education) plus a proration of building level administrative and instructional support expenditures. These expenditures include amounts for instruction of students with disabilities in a general-education setting. District expenditures, such as transportation, debt service and district-wide administration are not included.

The pupil count for General Education is K-12 average daily membership plus K-12 pupils for whom the district pays tuition to another school district. This number represents all pupils, including those classified as having disabilities and those not classified, excluding only students with disabilities placed out of district. Pupils resident in the district but attending a charter school are included. For districts in which a county jail is located, this number includes incarcerated youth to whom the district must provide an education program.

Instructional Expenditures for Special Education are K-12 expenditures for students with disabilities (including summer special education expenditures) plus a proration of building-level administrative and instructional support expenditures. District expenditures, such as transportation, debt service and district-wide administration are not included.

The pupil count for Special Education is a count of K-12 students with disabilities for the school

year plus students for whom the district receives tuition from another district plus students for whom the district pays tuition to another district. Students attending the State schools at Rome and Batavia, private placements and out-of-state placements are included.

Instructional Expenditures Per Pupil is the simple arithmetic ratio of Instructional Expenditures to Pupils. The total cost of instruction for students with disabilities may include both general- and special-education expenditures. Special-education services provided in the general-education classroom may benefit students not classified as having disabilities.

TOTAL EXPENDITURES PER PUPIL

THIS SCHOOL DISTRICT

\$26,153

**SIMILAR DISTRICT
GROUP**

\$25,356

NY STATE

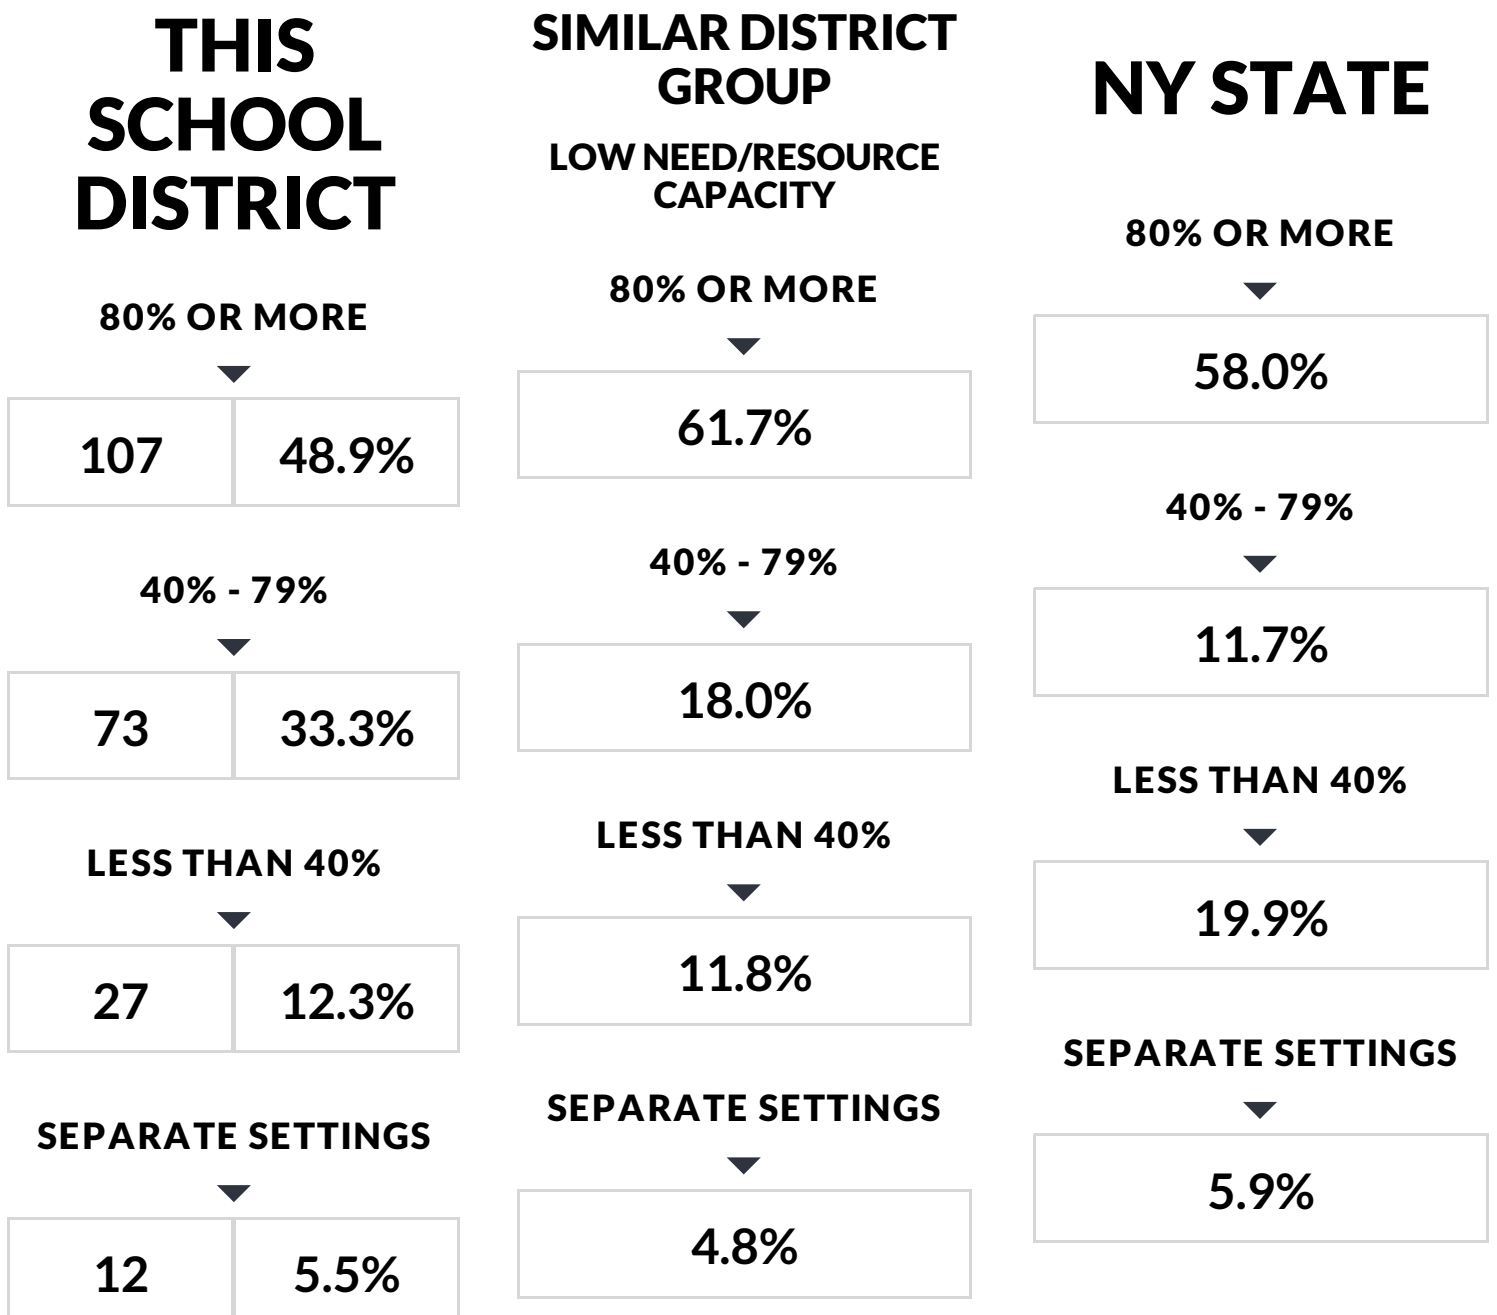

\$21,812

Total Expenditures Per Pupil is the simple arithmetic ratio of Total Expenditures to Pupils. Total Expenditures include district expenditures for classroom instruction, as well as expenditures for transportation, debt service, community service and district-wide administration that are not included in the Instructional Expenditure values for General Education and Special Education. As such, the sum of General Education and Special Education Instructional Expenditures does not equal the Total Expenditures.

INFORMATION ABOUT STUDENTS WITH DISABILITIES (2014 - 15)

Commissioner's Regulations require reporting students with disabilities by the percent of time they are in general education classrooms and the classification rate of students with disabilities. These data are to be compared with percentages for similar districts and all public schools. The required percentages for this district are reported below.

STUDENT PLACEMENT (PERCENT OF TIME INSIDE REGULAR CLASSROOM)

OTHER SETTINGS

OTHER SETTINGS

OTHER SETTINGS

The source data for the statistics in this table were reported through the Student Information Repository System (SIRS) and verified in Verification Report 5. The counts are numbers of students reported in the least restrictive environment categories for school-age programs (ages 6-21) on BEDS Day, which is the first Wednesday of the reporting year. The percentages represent the amount of time students with disabilities are in general-education classrooms, regardless of the amount and cost of special-education services they receive. Rounding of percentage values may cause them to sum to a number slightly different from 100%.

SCHOOL-AGE STUDENTS WITH DISABILITIES CLASSIFICATION RATE

THIS SCHOOL DISTRICT

SIMILAR DISTRICT GROUP

NY STATE

This rate is a ratio of the count of school-age students with disabilities (ages 4-21) to the total enrollment of all school-age students in the school district, including students who are parentally placed in nonpublic schools located in the school district. The numerator includes all school-age students for whom a district has Committee on Special Education (CSE) responsibility to ensure the provision of special-education services. The denominator includes all school-age students who reside in the district. In the case of parentally placed students in nonpublic schools, it includes the number of students who attend the nonpublic schools located in the school district. Source data are drawn from the SIRS and from the Basic Education Data System (BEDS).

Similar District Groups are identified according to the Need-to-Resource-Capacity Index. More information is available on our NRC capacity categories page.
